You will then be asked to enter a new four digit PIN followed by the pound (#) sign. This can be any four digit number of your choosing. Make sure you write it down. You will need it every time you access the system in the future.

-Getting on the out-of-work list-

- 1) When the Main Menu starts to play, press "3" - "to update your construction work status".
- 2) Follow the instructions and press "1" - "to place yourself on the out-of-work list". If this is done properly, you will be given a date and a time that your name will remain on the out-of-work list. This date will be thirty (30) days forward from the date you are calling in. You must call in by that date to keep your current position on the list; otherwise you will be dropped from the list and assigned a new position when you do call in.

“Protecting Our Area’s Standards”

STAND THE LINE, ONLY YOU CAN MAKE THE DIFFERENCE

UNFAIR BUSINESS OF THE MONTH

SHAME ON Allied Physicians!

While you may, or may not have thought about it, it should not be a surprise that it is our community's hard working men and women who have made this great town what it is. Among those, are the Indiana/Kentucky Regional Council of Carpenters and it's members. They have worked long and hard to establish Area Standards wages, benefits and working conditions. It is this Area Standard which has well served our members, their families and the community-at-large, because of this Area Standard, these dollars are spent in our community's stores and with our community's professionals so that we all can mutually grow and prosper.

One would think this All American Apple Pie message would be accepted by all. Unfortunately, this is not the case. Allied Physicians is at least in part, being built by **Majority Builders, who does NOT provide Area Standard wages, benefits and working conditions for its employees.**

Indiana/Kentucky Regional Council of Carpenters believes that **Allied Physicians has AN OBLIGATION to the COMMUNITY to see that area labor standards are met for construction work performed on their facilities.** They should not be allowed to undermine the Area Standards that South Bend Carpenters have spent over 100 years fighting to establish. We ask that you join our members, friends and family and say.....

Shame on Allied Physicians!

The members and families of the Indiana/Kentucky Regional Council of Carpenters thank you for your support
